Dracaena Spikes	Dracaena Spikes	Dahlias	Impatiens	Vinca Vine

MULCH

		
Black Platinum® Hardwood \$4.75 per 2.25 cubic feet bag	Premium Cypress \$4.75 per 2 cubic feet bag	Grade "A" Cypress \$8.75 per 3 cubic feet bag
Black Platinum® This mulch is made from the shredded composted bark of hardwood trees. Because of its density, this mulch insulates and protects plants from extreme temperatures better than most types of mulch.	Premium Cypress This mulch is made from the whole tree, shredded bark and all. This is the most popular type of cypress mulch. It has a reddish tan color with a woody appearance. By nature it is resistant to decay, repels insects.	Grade "A" Cypress This mulch is made from just the bark of cypress trees. It is the "Cadillac" of mulches. It has a stringy texture; it has a reddish brown color and looks great in any landscape. It is also resistant to decay and repels insects.
2.25 Cubic feet per bag. Will cover about 9 square feet 3 inches thick	2.0 Cubic feet per bag. Will cover about 8 square feet 3 inches thick	3.0 Cubic feet per bag. Will cover about 12 square feet 3 inches thick.
